Commissioner for Patents  
Washington, D.C. 20231

Sir:

This is in response to the Office Action dated December 30, 2003. The three-month shortened statutory period for response was set to expire on March 30, 2004; therefore, a petition for a one-month extension of time and check therefor are being filed herewith, and this response should be considered timely filed.

In view of the following amendments and remarks distinguishing the presently claimed inventive subject matter and the cited prior art, the Applicant respectfully requests the Examiner to reconsider and withdraw the outstanding rejections and allow all claims pending in this application. This response should be entered under 37 CFR 1.116 because the amendments and remarks place the application in condition for allowance.
